CFU 9

Moduli	Settore/i	Tipo	Ore	Docente/i
LINGUA SPAGNOLA 1	L-LIN/07	LEZIONI	54	SELENA SIMONATTI

Learning outcomes

Knowledge

The student will be able to acquire knowledge of the tools and methodologies of linguistic and philological analysis concerning the main phenomena of the description of the Spanish language in its becoming. It will also learn to orientate itself among the main trends that have affected the reflection on the Spanish language and recognize, also in an interdisciplinary perspective, the factors that motivated and opposed it.

Assessment criteria of knowledge

The assessment of knowledge consists of a final exam divided into a written test and an oral exam on the contents of the course.

Skills

The student will be able to use the main tools of historical linguistic analysis, to recognize the main application methodologies and to use a specific terminology inherent to the formal analysis of the texts observed in a diachronic perspective.

Assessment criteria of skills

Attending students will have the possibility of checking (written and oral) during the course.

Behaviors

The student will be able to acquire and develop critical and reflective skills; strengthen the ability to select and structure information; acquire specific skills that integrate the hermeneutic text and skills aimed at enhancing written competence (analytical and argumentative reading and writing).

Assessment criteria of behaviors

The degree of accuracy, attention and participation in the activities carried out will be assessed.
